## SUMMARY

Recent Computer Science graduate with hands-on experience in full-stack development through a 4-month internship at ITI, where I specialized in PHP. with a strong foundation in problem-solving and algorithmic thinking, honed through my membership in the ACM and expertise in C++. Eager to contribute to dynamic development teams and build robust, scalable applications.

## INTERNSHIP

Full stack development using PHP at ITI Assiut branch from June 2024 – October 2024.

## PROJECTS

### Cafeteria Site:

Simulate a coffee shop where users can request orders on the website using PHP, DB(MYSQL), API, html, css, js.

### Doctor Online: Graduation Project.

The project is based on determining if the user suffers from this disease by adding pictures of some analyses.

### Job Board:

employer register and post jobs, admins approve those ads, and candidates register and apply for the jobs - on the system, or just by getting the contact details. (Laravel)

## ACTIVITIES:

- Member & Mentor at ICPC Assiut University student and participating in programming competitions like ICPC, and Code forces rounds.
- Top ten at ICPC Assiut Training 2018-2019.
- Silver medal at ICPC Assiut Training 2019-2020 12th place in Upper Egypt Collegiate Programming Contest out of 110 teams (2021).
